WHAT IS FAMILY-ID AND WHY IS IT IMPORTANT?

Thank you for your interest in the Family-ID Workshop! We love seeing each family come alive to their God-given multi-generational purpose, and hosting this workshop shows your commitment to those you lead, and the gift of family we all have. Imagine having kids who will treat each other better than their best friends, teens who take “no” graciously, positive family identity, family more attractive than negative outside influences in our world today, family devotional times that work, family goal setting, train your oldest child to be team captain for other siblings, and much more.

THE WORKSHOP: THE FAMILY-ID WORKSHOP WILL PROVIDE A BLEND OF INSTRUCTION, FUN, FELLOWSHIP, AND DISCOVERY TIME TO HELP IDENTIFY GOD’S PURPOSE AND VALUES FOR YOUR FAMILY. EACH FAMILY WHO INVESTS THE 3-5 HOURS DURING THE WORKSHOP, WILL HAVE SUCCESSFULLY EQUIPPED THEMSELVES WITH A NEW MULTI-GENERATIONAL ROAD MAP, WE CALL IT THEIR FAMILY-ID.

YOU WILL LEARN TO:

“**STIR IT UP**” DISCOVER GOD’S MULTI-GENERATIONAL PURPOSE FOR YOUR FAMILY

“**WRITE IT DOWN**” CAPTURE YOUR FAMILY-ID, YOUR FAMILY ROAD MAP, IN WRITING

“**LIVE IT OUT**” CREATE & IMPLEMENT YOUR CORE FAMILY VALUES INTO DAILY LIVING

“**PASS IT ON**” SET THE FOUNDATION TO SEE EACH SUCCESSIVE GENERATION OF YOUR FAMILY LIVE MORE FULLY FOR GOD

WHO WILL BENEFIT

SINGLES W/O CHILDREN: What if it was a concise, easily understood document to help potential people in your future to clearly see what you feel is important in your family relationships? What if you had some way of knowing for certain whether a given person might be the right one for you? Wouldn’t it be great to have your values clearly in place so there couldn’t be misunderstanding about your expectations for your future marriage relationships or family life?

SINGLE PARENTS: What if you could simplify the ways you guide and discipline your children? Wouldn’t it be super to know what kind of spouse would actually fit with your family’s goals and values? What if you could be assured that your children would be very likely to adopt your Christian values and practices? Wouldn’t you like to feel confident that you are a great parent and “doing it right?”

COUPLES WITH OR DESIRING CHILDREN: What if you could minimize conflict in your marriage and especially bickering among your children? What if you could create a family identity so powerful your children would run to it, adopt it, and pass it on to their kids? Wouldn’t you love to clarify the “rules of the house” so everyone gets fair treatment?

BLENDED FAMILIES: What if you had a way to get all your kids on the same page? What if your older children understood their indescribable influence in the lives of the younger siblings and decided to be a positive team captain cheering for their success? What if your conflicts could be minimized and you actually saw the diverse personalities working together as a team?

GRANDPARENTS: What if you could assist your children in carrying out their family vision? Or maybe be a part of creating a family constitution? (Wow—how great would that be?) How would you feel about casting your family shadow at least 100 years into the future? What if you could help your children find clear and godly direction for their lives in this very confusing time?
